## Section #1: NDIS Incident Form Template

This form is meant for internal use between NDIS workers and management to quickly document incidents that may require notification with the NDIS Quality & Safeguards Commission. All of the information required for you to submit a valid incident report to the commission is outlined in the steps below.

There are 7 main sections to this incident form:

- 1. How to use the report
- 2. Report / provider details
- 3. Incident category / details
- 4. Person(s) involved
- 5. Actions taken
- 6. Risk assessment
- 7. Attachments

From section 1 to 5 included, the form can be filled out by an NDIS worker or staff person who's witnessed the incident or who first became aware of the incident (e.g. allegation, staff worker not physically present).

From section 6 onwards, the form should be completed by a supervisor or manager.

Please note: The form isn't meant to replace official reportable incident submissions via the "My Reportable Incidents" of the NDIS Commission portal but rather to provide a quick share solution for internal use between workers and managers before a supervisor submits the information directly to the NDIS Commission.

\* Required
